

ASSEMBLY INSTRUCTIONS

Lake Superior | Lake Huron | Lake Erie

UK Do not leave the inflatable furniture outside if there is risk of showers.

DE Lassen Sie die aufblasbaren Möbeln bei Regenrisiko nicht im Freien stehen.

DK De oppustelige møbler bør ikke stå ude i regnvejr.

FR Lassen Sie die aufblasbaren Möbeln bei Regenrisiko nicht im Freien stehen. Les meubles ne doivent pas rester à l'extérieur en cas de risque de pluie.

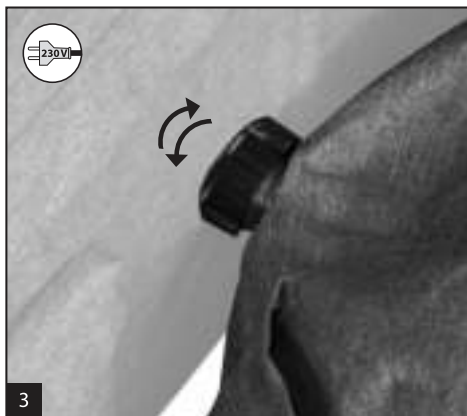

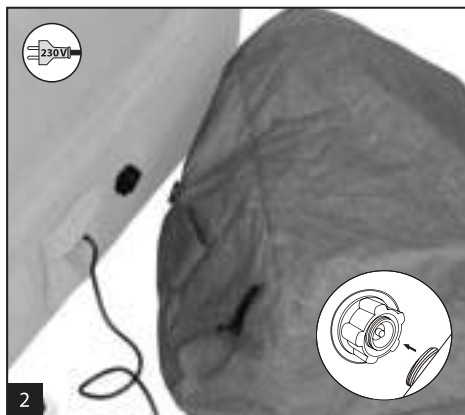

NL Lassen Sie die aufblasbaren Möbeln bei Regenrisiko nicht im Freien stehen. Laat de opblaasbare meubelen niet buiten staan als er kans is op buien.

Lake Superior + Lake Huron

Lake Erie

- inflated through connection to Lake Superior or Lake Huron

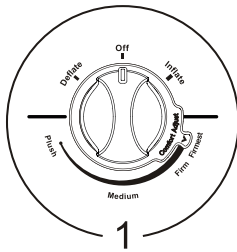

Lake Erie

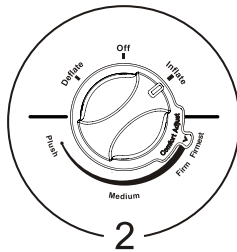

- manual pump

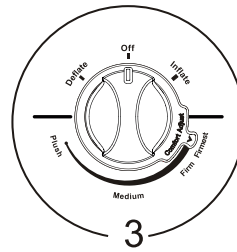

Inflate:

Plug pump into a polarized 220-240V AC outlet.

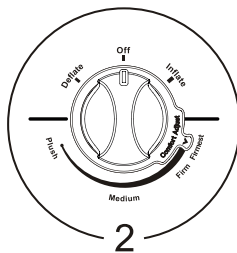

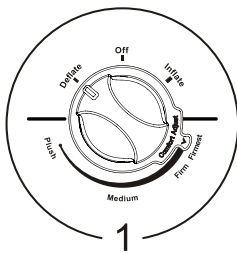

Turn Comfort Adjust Dial to desired firmness level. Turn Inflate/Deflate Switch clockwise to "Inflate" position to turn on Pump and inflate Sofa.

Pump will automatically turn off upon reaching selected firmness level and Inflate/ Deflate Switch will automatically return to "Off" position. Sofa is ready for use. You can change your comfort level by resetting the comfort dial. If you desire to change your comfort setting, turn Inflate/ Deflate Switch to deflate to release some air. Repeat steps 2 and 3.

Deflate:

For complete air removal, turn Inflate/Deflate Switch counter-clockwise to "Deflate" position. Upon completion, Pump will automatically turn off and Inflate/Deflate Switch will automatically return to "Off" position. Place cord into cord storage pocket on the sofa cover for storage.
